Five nation trophy

Five Nations Trophy – 4 players (+ 2 Substitutes) – 5 teams + 1 team

Special year : 5 best countries + 1 World champion team. So there can be two teams made up of French players

Foursome with 1 substitute (16-17-18 Woods). At the end only 2 teams are qualified for the extra playoff (18 Woods). The final is played with 4 individual players in stroke play format. Scores are updated for the final

Country scores are calculated in relation to Par.

The 6 best teams are selected by taking the total of the 4 best scores on the leaderboard after Round 1.

The Challenger Trophy

18 holes individual competition for players out of cut after two rounds + new players who want to register for only 1 Round. All scores are returned to par. This has no ranking towards The French Open.

Slow Play

Pace of Play Guideline – See shotgun and tee times guide

*If all groups are behind pace of play then the guide will be updated for subsequent rounds

Each group will be allotted a specific time to complete 18 holes in accordance with the time chart. When a group falls behind it must regain its position. Time for rulings and walking time is included in the allotted time and calculated within the buffer.

Out of position refers to the group when they take more than the allotted time to finish a check point hole.

Penalties

In the event of slow play:

- A) Initial warning to group
- B) Final Warning to group or player
- C) Penalty to player +1 kick
- D) Second penalty to player will be DQ

Procedure

When a group is out of position at a check point they will be notified by TD and given an initial warning. They will be expected to regain its position by the next check point.

If at the next check point they are still out of position then the group will be issued a final warning and the TD or marshal will follow that group.

If any player in the group is concerned about the non-responsive fellow competitor then a marshal will be elected to follow that group and time each player

The TD will time each player according to player timings

Check points

At the completion of each 3 hole stretch.

Player Timings

In the event a single player is playing slow then the TD will time those players involved and use the following table to decide if they are playing slow. Time taken to calculate yardages, alignment or decision making will be taken into account. Timings start as soon as the first player reaches their ball or the previous kick has stopped/been marked.

First player: 60 seconds

Subsequent players:

On the tee: 40 seconds when it is their turn to play

On the fairway: 40 seconds when it is their turn to play

On the green: 40 seconds when it is their turn to play

Any player deemed to make no effort to get the group back into position will be issued a penalty (Examples of this include talking to fellow players not in their group and/or scoring on the green rather than the next tee)
